Dear IHS Student,

Welcome to the 2022-23 school year at Irondequoit High School!

We are looking forward to working with you. Our goal is to provide you with the opportunities necessary for you to reach your full potential. High School is like anything else in life; the more you put into it, the more you get out of it. We believe “that each student belongs to all of us” and that all students can achieve peak performance when provided the appropriate opportunities and support system.

This student handbook fulfills several important purposes within our system and outlines our expectations for you as a student at IHS. School rules are no different than “life rules.” When you have a job, you are expected to be on time, to dress appropriately, to work hard and give your best effort, and to be respectful and courteous to the people around you. Our expectations are no different as we want to prepare you for the 21st century and what comes next after high school, whether it be college, the military, or the workplace.

- The handbook serves as a planning calendar where students can keep information organized, write down homework, quizzes, tests, and other upcoming assignments. Time management is an important skill.
- The handbook includes important calendars, dates, and information about our comprehensive academic and co-curricular programs.
- The handbook contains our Student Code of Conduct, which explains school expectations and student rights and responsibilities.
- The handbook is also used as a passbook.

At IHS, we believe in the following Community Values:
- **Shared Purpose**: Our goal is learning and helping each student to make the most of his or her talent and potential
- **Mutual Respect**: We care about each other as human beings
- **Mutual Support**: We help each other
- **Shared Pride**: What we are doing is worthwhile and we celebrate our accomplishments

Our IHS Community Values inform and shape the practices and policies within this handbook.

In addition, at IHS, we are proud to prepare students through rigor, relevance, and relationships. **Rigor** means that teachers challenge students at the highest levels of critical thinking and literacy. **Relevance** means instruction has strong connections to real-life applications and student interests. Strong student-staff **relationships** help students feel connected to school and supported in their learning and achievement.

We hope that you take full advantage of all the enriching opportunities IHS has to offer. Good decision-making, hard work and planning for the future will pave the path to your academic and social success. Best wishes for a successful 2022-23 school year!

Respectfully,

**IHS Faculty and Staff**
Ms. Zipp-McLaughlin
Principal

**Gr. K-12 release day for conferences - 11/10/2022 (full day)**  
*Gr. K-4 release day for conferences - 4/14/2023 (half-day)***
GRADES / HONOR ROLL

GRADE EXPLANATIONS: The passing grade is 65. Each 10-week grade represents the average for all work completed during that period only. The final grade for full-year courses will be determined by averaging the four quarter-marks. Grades are weighted to encourage and reward students for taking more challenging courses. Weighted grades are used to determine Honor Roll and Grade Point Average for transcript purposes (class rank).

HONOR ROLL: Students who earn an 85.0 average, without course failure, and who carry a minimum of 5 units of credit will be placed on the Honor Roll following each report card period. Students who earn an average of 93.0 or above will be placed on the High Honor Roll.

ACADEMIC RESOURCES

STUDY HALLS: Study halls are an important part of a student’s academic preparation assuring students of structured time for homework, review and studying material, and receiving assistance from teachers or study hall supervisors. All ninth and tenth graders are assigned to study halls during periods one through nine when they are not in class or lunch. Seniors and Juniors (without gold or blue keys) are assigned as well. Students are expected to use study hall time wisely in pursuit of learning. During assigned study halls, students who wish to leave the study hall room must present pre-signed passes to their study hall teacher and follow the sign-out procedure.

ACADEMIC HELP: Teachers are available to give students extra help. Students should arrange meeting times with individual teachers before school, after school, or during a study hall or independent study period. If signing out of study hall, students should arrange with teachers in advance and request a pre-signed pass. Students may get a pre-signed pass to go to a Department Center (in English, Math, Social Studies, or World Language) for help during a study hall period. Students may also be scheduled into a Supplemental class, Department Center or Study Skills class based on need. These are required classes, and students are expected to attend.

ADVANCED PLACEMENT (A.P.) EXAMS: Students taking an AP course will be registered to take the AP exam in May. Students (or their families) are expected to pay for the Advanced Placement Examinations. However, no student will be denied participation in the AP program for financial reasons. The examination fee will be collected in advance. Students and/or parents may request financial assistance by contacting their counselor, teacher, or grade level administrator.

COUNSELING AND SPECIAL SERVICES

THE COUNSELING CENTER: Each student is assigned a counselor in 9th grade and remain with that counselor until graduation. Counselors will seek to understand students’ unique needs and are there to support students with post-high school planning, scheduling, and social-emotional needs. Students, with their parents if they wish, may request as many conferences as they feel necessary. Students may schedule an appointment with their counselor during one of their unassigned periods. If a student has an urgent need, a staff member from the counseling office can be made immediately available to support them. In cases of special need, a counselor may refer a student to support services, such as the school nurse or school social worker. Counselors also are knowledgeable about private and community agencies that may be helpful.
THE COLLEGE AND CAREER CENTER: The College and Career Center is open daily from 7:30 a.m. until 3:30 p.m. It is located next to the Counseling Center. The Center is a resource room containing catalogues, reference books, college application resources, financial aid material and many careers reference sources. The Career Center offers information regarding work study, internships, and shadowing opportunities. One major resource is NAVIANCE, a web-based system, which allows students and parents to locate information about colleges, the Armed Forces, occupations, and financial aid. Please call 336-2935 for more information.

WORK PERMITS: Students under 18 who wish to work must have a work permit. The necessary forms for obtaining a work permit are available in the College and Career Center. Students must have an examination by a physician within a year prior to obtaining the work permit. During the school year, work permit physical exams may be scheduled in the Nurse’s office.

For students who are 14 or 15 years of age, we ask that you start looking for a job first. You do not need a work permit to apply for a job. Once an employer calls for an interview, then you should start the work permit process. It only takes one day to receive your permit as long as you have had a physical within the last year, show proof of birth and a parent or guardian’s signature on the application.

SUPPORT SERVICES: The Substance Intervention Counselor/Youth Counselor, the School Psychologist, and the School Social Workers may be contacted through the Counseling Center. All services are confidential.

COLLEGE APPLICATION PROCESSING PROCEDURES: Due to the number of college applications processed each year and the need to meet required college deadlines, students are required to adhere to the following procedure:

- Submit fully completed transcript request form to the Counseling Center for each college you are applying to, allowing 12 days for processing.

STUDENT RECORDS: Records may not be released to college admissions or potential employers without permission. This permission may be granted by parents/guardians of any student who is under the age of 18 or who is a dependent for income tax purposes. Any student over 18 must himself or herself grant permission by providing their signature on the Past-Graduate Transcript Request Form (available online or in the Counseling Center). Records may be released without permission to court personnel or to government units for educational or social service purposes only.

Student/Parent Access: A student or parent may inspect school records with the aid of a qualified staff member who will help in interpreting scores and other information. A qualified staff member may decide that some reports by psychologists, social workers, or family background information should not be examined by a student without the permission of parents.

ADDING/DROPPING COURSES: Course additions must occur within the first two weeks of a course. A signature from the teacher of the course may be required. No course drops will be allowed until a student has attended the class for six school days. After this, schedule changes may be allowed. Signatures of approval are required by the teacher, parent, and counselor. If dropping a class, students must still maintain the required minimum course load (5.5 credits). No course drops will be allowed after the first quarter grade of a class has been posted to a report card. Level changes in the same course (for example, advanced to regents’ level) follow the same guidance as dropping a course. Please note, course changes will not be made for reason of teacher selection.

AUDITING OF CLASSES and PASS/FAIL OPTION: For courses that are not required for graduation, a student may take a course for a pass/fail rather than a numeric grade. A student also may audit a course (be enrolled without receiving a grade). The following conditions apply:

- Teacher approval is required. Requests should be made within the first two weeks of the course.
- Students are limited to one class per year on a pass/fail or audit basis.
- Students must have met all graduation requirements in the standards area to be eligible to audit or take a course pass/fail. Exceptions may be considered by the principal.
- Approval is subject to space being available in the class.
- Students can be dropped from the class at any time for truancy.
- Students are expected to complete the same homework, tests, projects, etc., that are required of credit-earning students in the course.
- Audits will appear on the student’s transcript as an audit, “AUD”, with no credit. Pass/fail will appear on the transcript as a “P” or “F”, with elective credit earned.
INDEPENDENT STUDY: Students may pursue an Independent Study to enhance the study in a subject area or to pursue an area of interest that is not a current course offering. Students must find a teacher who is willing to sponsor the study, and they should be self-directed learners capable of designing and carrying out the goals established in cooperation with the sponsor teacher. Students should consult with their counselor and sponsor teacher to develop goals, a timetable, and the amount of course credit, all of which should be specified in an Independent Study contract.

MINIMUM STUDY LOAD: The Board of Education recognizes the need to support the development of an academic environment that encourages each student to make the fullest possible use of opportunities for learning. Toward that end, each student is expected to carry a minimum load of 5 ½ credits, including physical education. Students also are expected to carry the minimum load to participate in co-curricular activities. The principal reserves the right, through an appeals process, to make exceptions to this policy based on the individual student’s situation.

For full information on IHS academic programs, policies, and course selection, please refer to the 2022-23 Course Catalog, available online at the IHS website.

GRADUATION

The Irondequoit High School Commencement ceremony each June is a dignified, time-honored tradition that is reserved for students who have met all the graduation requirements (course credits and exams) as determined by New York State and the West Irondequoit Central School District.

IHS policies pertaining to the Graduation ceremony include:

- Participation in Graduation is a privilege, not a right.
- Students must be in good standing behaviorally to participate in Graduation. Students who are suspended from school are not eligible to participate.
- Students must ride the bus with school personnel to the graduation venue.
- Caps and gowns must be worn. Student attire must align with the Code of Conduct. Only approved sashes and cords may be worn with the gown. Students are permitted to decorate their caps, but all cap decorations must be school appropriate and be flush to the cap (not raised to ensure the optimal view of the stage for all graduates). Gown decorations are not permitted. Any students who are inappropriately dressed may be excluded from the ceremony.

The administration recognizes that Graduation is a once-in-a-lifetime event, and that exceptions to the policy may be made based on an individual’s circumstances. Considerations may include the timing of Regents exams, graduation cohort situations, or extraordinary personal circumstances. Policy 7221 states that permission to participate in the graduation ceremony and all related graduation activities may be revoked for violations of the district Code of Conduct. Denial of participation in Graduation will not result in denial of a diploma if a student has met all the graduation requirements.

Seniors are encouraged to meet with their counselor early in the year to ensure that they are on track to meet all exam and course requirements to graduate. For more information about eligibility for senior events, please see page 34.
IHS LIBRARY MEDIA CENTER
LIBRARY HOURS:
7:15 a.m. - 3:15 p.m. Monday - Friday

The Library Media Center is dedicated to helping students develop the skills necessary to become literate, independent users of information in all formats and to encourage a love of reading. To that end students are encouraged to use the library and its many resources and to visit our Leisure Reading Area.

RESOURCES:
Books/E Books  Magazines/Newspapers/Periodicals  Copier
Online Databases  DVDs  Internet Access
Interlibrary loan  Computers
Laser printer (b/w)  Color Laser printer

LIBRARY EXPECTATIONS: The library is designated as a quiet work area. Students come to research, do homework, read and study, use the computers or other hardware to create a project. Students need to respect the school materials in the library as well as your fellow students' needs for a quiet place to work. Library staff reserves the right to remove any student who fails to follow the library rules.

LIBRARY PASSES: Students entering the library during school hours must report to their study hall to obtain permission and a pass or a Blue Key or Gold Key. There are limited spaces available for students from study hall and each study hall will have a set number of passes for students. There will also be a limited number of passes from the lunchroom to the library. Passes will only be issued during the first 10 minutes of the period.

COPIER FOR STUDENT USE: A copier is available for students in the library for academic use. Students are responsible for the appropriateness of the material they copy and must not violate any copyright laws.

LOAN PERIODS:
- General collection: 3 weeks, renewable unless on reserve
- Project materials: overnight during class visitations; 3-day loan for duration of project
- Reference collection: overnight
- Non-print materials: 1 week

OVERDUE MATERIALS POLICY:
- First and second week: overdue notice sent to student in 1st period.
- Third week: bill sent home to parent(s)/guardian(s). Payment for lost/damaged materials is required.
- Failure to return library materials, as with textbooks, may affect your eligibility in co-curricular activities.

INTERNET ACCESS and TECHNOLOGY SUPPORT: All students must comply with the Acceptable Use Policy (AUP). Students are accepting the AUP each time they log into a school computer. Failure to comply with the AUP can result in suspension of computer privileges and /or suspension from school. Student and adult use of the Internet should also be in compliance with Board of Education Policy 8271 (viewable on the district Web site). Students can access technology and laptop support from the DMRC. If students need technology support outside the school day, they can access the Help Desk at http://wicsd.tech. All students should read and become familiar with the "Computer and Internet Use" policy on page 21.

The IHS Library Media Center homepage offers 24/7 access to your library databases and catalog. This can be found on the IHS website. Students can also access the Library and Information Skills Schoology page for support.

**OTHER RESOURCES**

**CAFETERIAS:** The use of the cafeteria is a privilege reserved for those who behave appropriately (including cleaning up after themselves). There are two student cafeterias and students can select from the four lunch lines and food choices. 9th and 10th grade students must eat in the Large Cafeteria. The Campus Center (Small Cafeteria) is reserved for 11th and 12th grade students' lunches. Lunch is served periods 4, 5, and 6. The Campus Center is open at 7:30 a.m. Complete lunches may be purchased for a set price. All other food will be on an a la carte basis. Reduced price lunches are available for families who complete the required application. The applications are available in the main office.

**CAMPUS CENTER:** The IHS Campus Center provides students and other members of the school community with an attractive, inviting facility, a casual atmosphere, and several convenient services. During lunch periods, it serves as a cafeteria for 11th and 12th grade students. It also includes the IHS Bookstore/Box Office, through which students may purchase course-related paperbacks and workbooks, as well as notebooks, school supplies, sweatshirts, and many other items. The bookstore is open Monday through Friday from 7:30 AM to 3:30 PM. During individual work periods, Seniors with Gold Keys and Juniors with Blue Keys may use the Center for snacks, socializing with friends or faculty, or studying. The Center maintains an informal, friendly atmosphere that is welcoming to all. Students without Blue or Gold keys are welcome to use the Center before and after school. Several faculty members have held informal review sessions in the Center's welcoming surroundings. The Center is also available for approved, school sponsored evening activities.

**THE HEALTH OFFICE:** This office is located on the first floor by the front entrance of IHS. It is open Mon.-Fri., 7:30 a.m. to 4:00 p.m. to assist students who become ill or are injured. If a student needs
to call home because they are ill or injured, please make your call on the telephone in the Health Office. No student who is ill or injured should leave the building before reporting to the Health Office.

Medications to be taken at school, both prescription and over the counter, require a written order from a physician as well as written parent permission. Any student requiring medication during the regular school day or while participating in school-sponsored activities must comply with all procedures.

- A parent or guardian must deliver the medication to the Health Office in a properly labeled original container.
- The pharmacy label does not constitute a written order and cannot be used in lieu of a written order from a licensed prescriber.
- Over-the-counter medications must be in the original manufacturer’s container/package with the student’s name affixed to the container.
- To carry and self-administer medications, a signed order to self-carry from a licensed prescriber and parent/guardian must be on file in the Health Office. This applies to prescription and over-the-counter medications.
- Students must have written permission from the parent and provider to self-carry prescription, as well as over-the-counter medications.
- For a student to carry and self-administer a controlled substance, written permission is needed from parent, provider, as well as the principal.

**IF THERE IS FAILURE TO COOPERATE WITH THE PRECEDING STATE LAWS, PRIVILEGES WILL BE RESCINDED AND DISCIPLINARY CONSEQUENCES MAY APPLY**

Selling, distributing, or sharing any controlled substance, prescription or over-the-counter medication is prohibited by New York State law and school policy. Any questions about medications should be referred to the Health Office.

All students entering 9th & 11th grades and all new entrants must have a current physical on file in the Health Office. If unable to obtain a physical from your private physician, examinations may be done in school by our school physician. Written permission from a parent/guardian must be provided to the school nurse prior to being scheduled for an appointment.

Students who have temporary or long-term medical reasons for exemption from Physical Education classes must process these through the Health Office.

ELEVATOR KEYS: Physician or health care provider orders must be presented for the use of the school elevators. Students are responsible for maintaining the elevator key and will be charged $25 for any lost or damaged keys.

ATHLETICS: Our student athletes register online through FamilyID (www.familyid.com). FamilyID is a secure registration platform that provides families with an easy, user-friendly way to register for our programs, and helps us to be more administratively efficient and environmentally responsible. When families register through FamilyID, the system keeps track of individuals information in the FamilyID profile. Families must enter information only once for each family member for multiple uses and multiple programs.

BEFORE REGISTERING: Current physical - (valid for 1 year) and any Current Medical and Medicine Orders (valid only within school year), documentation of any recent injury and or medical clearance from injury. NY State law requires that a health professional review sport registrations prior to the start of the season for which a student is registering. That data must be current within 30 days prior to the start of the season.
STUDENT RIGHTS AND RESPONSIBILITIES

ATTENDANCE POLICY

BOE Policy 7240 is based on the premise that daily presence in class is essential to a student’s ability to benefit from instruction through class participation and completion of required work. While some school absence may be unavoidable, the policy stresses that each student must attend each assigned class and applies regardless of the reason for absence.

TRUANCY POLICY

Interventions and Disciplinary Measures for Unauthorized Absence from Class (Class Truancy/Cuts): Students are required to attend all classes to which they are assigned. Failure to attend classes, or unauthorized absences from class (class truancy) constitutes insubordination. The following consequences and due process procedures apply to class truancies:

First Truancy – Step 1: The teacher assigns the student a detention or other consequence and contacts the parents to inform them of the cut and of this policy. Parents are invited to contact the teacher if they have any questions. The student is required to make up any missed work. Repeated Truancy – Step 2: The IST team will convene to discuss interventions to engage and support the student while attempting to uncover the root causes of the absences. The IST group will document the suggested next steps and track those supports for success or bring back to the team for another level of intervention.

Multiple Truancies – Step 3: The Assistant Principal meets with the student, create a contract with the student and contacts the parents directly to inform them of the truancy issue. Once problem-solving have taken place at step 3, parents will be notified that subsequent truancy continue. Additional resources will be available to support individual student needs and continue to evaluate the plan.

Age for Compulsory School Attendance: Per Board of Education policy, students are required to be enrolled in school until the completion of the school year during which they turn 17. A school year is defined as July 1–June 30. Thus, a student who turns 17 on July 2nd must remain enrolled in school at least until the following June.
ABSENCE REPORTING PROCEDURES

Students are expected to attend school each day unless excused for legitimate reasons by parents or guardians. Parents/Guardians should report absences as follows:

When: As early as possible, no later than noon on the day of absence.

By Phone: Call the Attendance Office from 7:30 a.m. to 3:30 p.m. at 336-2919. You may leave a message.

Information to Leave:
- Your Name and relationship to the student
- Student's Name
- Date(s) and times of absence(s) - past and future, if known
- Reason for absence (see Reasons for Absence)

Written Excuse: Written excuses will be accepted in the Attendance Office on the day of the student's return to school. They are not necessary if phone contact has been made. The Attendance Office is located in the Commons Area.

NOTE: A parental excuse does not necessarily mean the student is legally excused from school. Only absences that are excusable under New York State law and Board of Education policy will be coded as “excused.” Others will count as missed classes under the Attendance Policy. (See below.)

REASONS FOR ABSENCE: In order to administer the Attendance Policy in a fair and reasonable way, as well as to comply with New York State regulations, Irondequoit High School distinguishes among four classifications of reasons for student absences from class or school:

1. Excused - Exempt (Authorized exemptions to the Attendance Policy):
   The absence is allowable under New York State Law and constitutes an “exemption” under the Attendance Policy where appropriate instruction has been provided. Verification of the instructional requirement must be provided to or by the classroom teacher.

   Examples of Excused - Exempt Absences:
   a. Prolonged illness or hospitalization
   b. Chronic illness
   c. Medical absences
   d. Death in the family
   e. Religious observance or legal obligation
   f. Authorized school activity
   g. Suspension

   Documentation of Evidence:
   a. Certification by attending physician
   b. Certification by attending physician
   c. Certification by parent or physician
   d. Certification by parent
   e. Certification by parent
   f. Certification by school official
   g. Certification by school official

2. Excused - Non-Exempt (This absence counts as a missed class under the Attendance Policy):
   This absence is allowable under state law and can be excused by a parent, but it does not constitute an exemption under the policy (i.e., a brief illness with parent excuse)

3. Unexcused (This absence counts as a missed class under the Attendance Policy): This absence is not allowable under state law, does not constitute an exemption under the policy, and cannot be excused by a parent for any reason (i.e., family vacation, oversleeping, baby-sitting, car trouble, etc.).

4. Truancy or Skipping Class (The absence counts under both the Attendance and Truancy policies): This type of absence is always illegal under state law and cannot be excused by a parent for any reason, including a student’s failure to follow proper procedure.
OTHER ATTENDANCE PROCEDURES

Partial Day Absences: Absences and partial day absences must be excused, in advance whenever possible, by parents. Students must sign in and/or out of the attendance office upon entry or departure from the building. Failure to sign in and out will result in administrative follow up and may result in disciplinary consequences. Please be advised that unexcused absences will be reviewed and can result in the loss of privileges and/or eligibility for after school activities and events.

Class Absence: When a student misses a class or study hall for legitimate school activities, the student is responsible for presenting evidence (such as a pass) which will verify the absence. Students who receive notice of an unexplained absence should explain or clear the absence the same day notified (signed form or other explanation must be delivered to the administrator's office). NOTE: Under the electronic attendance system, any unresolved class absences will automatically convert to truancies.

NOTES:
Our teachers and staff are committed to the success of all students, and to accommodating the needs of students who have legitimate absences. This is a shared responsibility with students and parents.

- **NOTIFICATION FROM SCHOOL:** When a student is reported absent from class, an automated call will attempt to notify parents (within 24 hours) if no call or note explaining the absence has been provided to the school.

- **FAMILY VACATIONS:** We encourage families to plan vacations during school recess periods only. If students miss school due to family vacations, these are unexcused (illegal) absences, and students are responsible for completing all missed work. Students are responsible for arranging with each of their teachers for makeup work and/or extra help. Teachers may modify deadlines at their discretion.

- **WORK MISSED:** Regardless of the reason for absence, students are responsible for all assigned work missed due to the absence. Students are expected to meet with their teachers when they return to discuss missed work, arrange for extra help, etc. Teachers may extend deadlines or modify assignments at their discretion. The principal may make exceptions to this expectation only under rare circumstances or special hardships.

STUDENT BEHAVIOR

Accepted standards of behavior are based upon the following shared
IHS COMMUNITY VALUES:

  Shared Purpose
  Our goal is learning -- helping each student
to make the most of his or her talent and potential.

  Mutual Respect
  We care about each other as human beings.

  Mutual Support
  We help each other.

  Shared Pride
  What we are doing is worthwhile, and we celebrate our accomplishments and our school.

To ensure the health and safety of students, Irondequoit High School is in compliance with federal,
state, as well as Board of Education policies. The following guidelines aligned to the West Irondequoit
Code of Conduct and apply to all students and/or their guests at all school sponsored activities and on
all West Irondequoit School District property.

Student Bill of Rights and Responsibilities

The West Irondequoit Central School District Board of Education acknowledges certain rights and
responsibilities of students in their academic careers. Students are accountable for their individual
actions. They are required to abide by the school rules and policies and by pertinent state and federal
laws. Students are also required to use lawful means to express disagreement with stated rules.

Student rights and responsibilities include, but are not limited to, the following:

1) Every student attending the West Irondequoit Schools will have the right to participate in the
curricular programs and services provided as warranted by the student’s needs, abilities, and
interests. No student’s rights to attend school or to participate in academic programs shall be
suspended except for legally sufficient causes and determined in accordance with due process
of law (See Policy #7313 – Suspension).

2) Eligible students have the right to participate in co-curricular programs, in accordance with
district guidelines governing co-curricular activities.

3) Every student attending the West Irondequoit Schools will have the right to a safe, healthy,
orderly, and respectful school environment.

4) Every student possesses First Amendment freedoms. However, the courts allow school officials
to regulate certain types of student expression. Students shall not use speech that substantially
disrupts the school environment, is lewd, or that infringes on the rights of others.

5) Every student attending West Irondequoit Schools will have the responsibility to attend school
each day that school is in session and shall not be tardy to or absent from school or any classes
except when properly excused.

6) Every student attending West Irondequoit Schools will have the responsibility to refrain from
counts that threatens the safety or health of self or others, that disrupts the orderly
administration or academic focus of the school, or that is disrespectful to other students,
teachers, or other members of the school staff.

Prohibited Behaviors/Expectations

- Arson/False Alarms: Any such action will result in a Superintendent’s Hearing and a long-
term suspension. This includes triggering or declaring a false alarm or setting or attempting to
set a fire; pulling a fire alarm when there is no fire. Police will be notified, and criminal charges
may result.

- Bomb Threats: Making a bomb or terrorist threat of any kind (including written, verbal,
electronic or posted on the Internet) will result in a Superintendent’s Hearing and a long-term
suspension. Police and/or Homeland Security will be notified, and criminal charges may result.

- Bullying, Harassment and Discrimination: All students and staff are entitled to be treated
with dignity and respect, and school must be an environment that is free of discrimination and
intimidation. Therefore, any physical, verbal, written or digital/electronic harassment based on, but not limited to, ethnicity, religion, social class, race, sexuality, gender identity, gender expression, disability, appearance, or other individual or group characteristics is strictly prohibited on school grounds or in connection with any group related event (see also Sexual Harassment). As per the Dignity for All Students Act (DASA) any reported incident of harassment, mockery, bullying or intimidation will be addressed, including electronic communication that can be emotionally or psychologically harmful. This list is not all-inclusive; the administration reserves the right to determine what constitutes harassment or any activity that potentially disrupts the educational environment. In responding to these behaviors, staff members apply a range of consequences which are dependent upon the severity of the incident and the disciplinary history of the individual student. Responses may include conferencing with the student(s), restorative circle, parent contact, detention, suspension, or other consequences, including police involvement. False reports of harassment also are prohibited and may result in disciplinary consequences. The principal is the compliance officer for the State Dignity for All Students Act.

Computer and Internet Use and Electronic Devices: Students are expected to comply with the following rules for acceptable computer use. Students who are using school computers must:

- Use IHS computers for authorized schoolwork only.
- Comply with the Acceptable Use Policy (AUP). Students may only search and visit sites that relate to schoolwork or other appropriate uses, as determined by staff and administration. Students are not permitted to use text messaging programs, VPNs or social media sites (i.e., Facebook) or other web sites that are deemed inappropriate.
- Not engage in electronic inappropriate electronic usage, either on or off school grounds, that includes but is not limited to harassment, bullying, threatening or intimidation of any kind or that creates a disruption to the normal business of the school day. NOTE: Any inappropriate e-mail, text messages, postings or other communications that lead to confrontations, disruption to education, or other problems at school – even those sent outside of school – can result in school consequences and, if necessary, police involvement. Families are encouraged to save or print any inappropriate messages received.
- Work with only those files that are their own. Students are not allowed to view other students’ files, school files, applications, etc.
- Students who attempt or engage in hacking, tampering with security software, or accessing unauthorized files or networks are subject to disciplinary action.
- Practice mutual respect by using computer equipment properly and reporting any hardware or software problems to an adult immediately.
- Avoid plagiarism and follow all guidelines for documenting sources of information.

There are both filters and monitoring systems in place. Failure to comply with these expectations may result in a range of disciplinary consequences. Due to the rapidly changing nature of technology, these rules may be changed or amended throughout the school year at the administration’s discretion, without prior written or verbal notice.

Electronic Aggression/ Cyberbullying: Any action using an electronic device, the Internet or social media that involves harassment, intimidation or threats is potentially subject to disciplinary action. Incidents that did not take place at school but led to confrontations, disruption, or other problems at school, will be treated just as if they had occurred at school. The Administration will investigate claims of electronic aggression. See Harassment, Computer and Internet Use, and Hazing.

Electronic Devices: Responsible and appropriate use of electronic devices is an important skill in today’s 21st century educational setting. Teaching appropriate use in a public setting is also consistent with our beliefs around mutual respect and personal responsibility. The use of electronic devices must not endanger persons or property, disrupt the educational process, or violate a publicized policy of the school. It is never okay to take photos or videos.
of others without their permission. Any recording or photography in a classroom requires the expressed prior approval of the instructor. It is never acceptable to send threatening or harassing text messages or phone calls. It is never okay to search the internet for weapons or other materials which is threatening or could create an unsafe environment.
Personal communication devices and music players, such as cell phones, smartphones, smartwatches, or any devices that can be used to play music and/or communicate with another individual through texting, messaging, or speaking will be permitted at IHS according to the following guidelines:

- During any instructional period, personal communication devices and music players should not be seen, heard, or used.
- Students may use these devices on campus before and after the instructional day.
- Students may use such devices during their lunch period.
- In addition, students may use such devices when passing between classes. Music players can only be used between classes using only one ear bud for safety purposes.
- Students may use these devices in other settings as permitted and directed by school personnel.

Unauthorized use of electronic devices during the instructional day disrupts the instructional program and distracts from the learning environment. Therefore, if electronic devices are seen, heard or used during the instructional day, school personnel will ask students to put away their device. If the student refuses, she/he will be considered insubordinate and will face disciplinary consequences. Repeated offenses during instructional time may be reported to the building administration for disciplinary action. Discipline consequences will range from detention to the loss of electronic device privileges depending on the individual situation. The district shall not be liable for the loss, damage or misuse of any electronic devices brought to school by a student. Therefore, it is important that any electronic devices be always kept secure.

○ Cafeteria: Students are expected to clean their area and behave in an appropriate manner. Cafeteria privileges may be suspended for failure to comply with cafeteria rules.

- Classroom Behavior: Each teacher is responsible for communicating clear expectations for students regarding expected behavior in the classroom to support learning outcomes. Teachers will take steps to remedy violations of these when they occur. More serious violations of these expectations will be reported to the grade level administrator who will take appropriate corrective action.

- Disruptive Behavior or Language: Violations of civil behavior (including the use of profanity) in school, on school grounds or at school functions will result in disciplinary consequences which may include detention, suspension, loss of privileges or other appropriate consequences.

- Dress Expectations: A student may not be dressed or groomed in a manner that presents a danger to health or safety or in a manner that may cause a disruption to the educational process, or that impinges on the rights of others. In general, students are encouraged to use common sense, and are reminded that school is a place of business. At any time before, during or after the school day, any adult may request that a student change or cover up inappropriate clothing, and students are expected to comply with the request. Students may also be referred to a counselor, administrator, or the school nurse. Refusal to comply is considered insubordination.

As students are reminded each year, guidelines for school dress include those clothes (including hats) that display messages or images about alcohol, and other drugs, sexual, offensive, or derogatory language or slang are not permitted. This includes branded clothing that displays alcohol or tobacco products and/or names and/or clothing that signifies gang affiliations. This list is not all-inclusive and is offered only as a guideline. The administration and staff reserve the right at any time to determine what is inappropriate, offensive, unsafe, and/or disruptive to the educational process.

- Fighting: Fighting and other violent acts will not be tolerated at IHS. A student who provokes a fight or who willingly participates, even if he/she did not initiate the fight, will be subject to a range of disciplinary outcomes, likely including in-school or out-of-school suspension. A long-term suspension hearing may be held.

- Food and Beverages: For safety and cleanliness, food and beverages should remain mainly in the Cafeteria, Campus Center or Commons Area. Limited consumption of food or beverages that does not cause a distraction may be permitted in the halls and classrooms. Students may not bring breakable soft drink/glass bottles to school. Students also must be respectful of the building and others and throw out/recycle food and beverage containers.

- Forgery: Falsely representing attendance excuses (either written or oral) or other communications is prohibited. Classes missed will be considered truancies and additional consequences may be applied.
Gambling/Card Playing: Card playing, dice or gambling is prohibited before, during and after school. Any game involving playing cards is prohibited, even if gambling is not involved. Other games that use cards (i.e., UNO) may be allowed at adult’s discretion.

Gang Activity: Student physical and emotional safety is an utmost priority. Therefore, Irondequoit High School does not tolerate any involvement, activities, or references to gangs. Any gang affiliation, clothing, hand signals, colors, artwork, graffiti, or other actions that may be interpreted as gang-related are strictly prohibited. The administration reserves the right to determine what constitutes gang-related behavior, clothing, colors, or associations. Students wearing gang-related clothing, scarves, headgear, colors, or jewelry will be required to remove it (see Dress Expectations, page 20).

Insubordination: An act of insubordination may include but is not limited to failing to comply with the reasonable directives of teachers, school administrators or other school employees in charge of students or otherwise demonstrating disrespect; lateness for, missing or leaving school without permission, failing to comply with assigned consequences; lying to school personnel and/or making false statements to school personnel during a course of an investigation, and failing to comply with the rules of District policies.

Leaving School Grounds: Only students who possess a Gold Key and have parent permission may sign out and leave the building or school grounds during lunch or Independent Study.

Loitering/Trespassing on Campus: Students are not permitted to be in the school building without authorized adult supervision. Non-students are not permitted anywhere on school grounds without approval of school authorities. Incidents of such will be reported to IHS Security and/or Irondequoit Police. All visitors must sign in at the Main Office.

Off-Campus Behavior: School rules and other reasonable expectations for acceptable student behavior are extended to include student conduct while going to and from school and in the school neighborhood during the normal school day. Loitering and smoking on property adjacent to the school is prohibited.

Parking: Only seniors with Gold Key privileges who have been approved for a school parking pass may drive to school and park on campus. Juniors and other students are not allowed to drive to school. Seniors wishing to apply for a parking pass must complete the application mailed home over the summer. Parking is very limited. Therefore, only legitimate academic reasons will be considered, and the grade-level administrator has final authority. Students who are approved for parking privileges may park only in designated student parking areas and must display a valid parking permit on the vehicle. Students may not drive off-campus for lunch or use their vehicles during the day unless their classes are over. Student drivers must exercise caution and obey all traffic rules and directions from Security and other staff. Violation of the policy may result in disciplinary consequences, including revocation of parking privileges. Parking may also be revoked due to other behavioral or academic issues. Illegally parked vehicles are subject to towing at owner’s expense.

Pornography, Profanity, Obscenities, and Prejudicial Statements: The use or display of pornography, profane or obscene language or of prejudicial statements will not be tolerated.

Public Displays of Affection: Affection between two people is considered a private relationship and display of such is inappropriate in public.

Sexual Harassment and Behavior: Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, sexually offensive jokes, language, or symbolic expression, or unwelcome comments of a sexual nature. In addition, engaging in sexual behavior is prohibited. Students experiencing sexual harassment should notify an administrator, counselor, or other staff member. The Title IX reporting officer is Joe Jackson, who is the Student Services Center at Dake Junior High School. Follow-up action may include counseling and disciplinary action. False reports of sexual harassment will also result in disciplinary action.

Student Visitors: Students are generally not permitted to have guests at school. The principal may make a rare exception only for a valid family reason. Any student or alumni visit to school require the principal’s prior approval. Visitors or guests are not allowed just because their school is closed on a day when IHS is open, and those without prior permission will be required to leave. “Shadowing” an IHS student is permitted only when a visiting student’s family is considering moving or transferring to West Irondequoit. The student’s family must request the visit through his/her counselor at least one week in advance and submit the appropriate form to the principal for approval. In addition, the principal will require
the IHS student to bring a run-around sheet signed by all of his/her teachers. No visitors will be allowed during sensitive times of the academic year, such as prior to or during AP exams, around school recesses, prior to or during midterms and final exams or at Arts Festival. The IHS student will be subject to disciplinary consequences for any misbehavior by his/her guest.

- **Skateboards and Rollerblades** may be used only in transit to school property and must be stored in the student's locker during the school day. The school can assume no responsibility for loss or damage to these items or those who use them where prohibited.

- **Smoking/Tobacco**: Irondequoit High School is a SMOKE FREE CAMPUS. In addition, tobacco (smoke or smokeless) and electronic cigarettes and vaping are prohibited in the building, on school grounds, or at any school-sponsored activity (including the BOCES campuses and school transportation vehicles.) Use of these products on school property, or at any school related event will be deemed in violation of the Drug and Alcohol Policy. (See Drug and Alcohol Intervention Policy for First Offense information.)

- **Sportsmanship**: Student conduct at athletic events should not detract from the enjoyment of other spectators. Students represent the school and are expected to behave appropriately and cheer positively. Detention or suspension from future events may result from unsportsmanlike conduct.

- **Student Activities Eligibility**: A student may be denied permission to attend the Senior Ball, Senior Banquet, Junior Prom, or other school events if he/she is illegally absent from study hall or any class on the day of an authorized student activity. Further attendance at school events may be prohibited where students display unacceptable patterns of school behavior, attendance, and/or academic progress.

- **Theft**: Theft of personal or school property may result in suspension, restitution, and possible police involvement. It is the responsibility of all students to deter theft by securing all items of value in lockers. Loss, theft, or damage to any personal property – including graphing calculators, electronic devices, and athletic gear – is not the responsibility of the school. Students are advised not to bring items such as cell phones, smartwatches, and earbuds to school. Students should immediately report any thefts to their grade-level administrator, and a security report will be filed. In general, the best idea is to leave valuable personal property home.

- **Threats**: Threats to staff or students will result in disciplinary outcomes, which may include suspension from school. Students experiencing such behaviors should bring these to the attention of the nearest staff member for appropriate referral or action.

- **Vandalism**: Defacing or damaging of school property will result in restitution, detention, suspension, and/or police involvement.

- **Violence**: Any violent act, as defined by NYS Education Law 3214 and the WICSD Code of Conduct, whether on district property, at a school event, or that occurs off school grounds, but which creates a disruption to the normal business of the school day will result in school-based consequences, likely to include in-school or out-of-school suspension. Building and District Threat Assessment Teams may review student cases and consult service agencies and/or law enforcement.

- **Weapons**: No person shall bring upon school district property any rifle, shotgun, pistol, revolver, other firearm or weapon and ammunition, or reasonable facsimile of a weapon, unless written authorization for such be obtained in advance from a building principal or superintendent. Possession of a weapon on school grounds will be addressed under the terms of Board Policies 3411, 7360 and the District Code of Conduct, and Administrative Regulation 7360R, whichever apply. Possession of weapons will result in suspension, a superintendent’s hearing, and/or police involvement.

**SECURITY SURVEILLANCE SYSTEM**

To help ensure the safety and security of students, staff, and visitors, IHS utilizes a closed-circuit camera surveillance system. The system includes digital recording which may be used in determining consequences for misbehavior, vandalism, illegal activity, etc. Cameras are located only in public areas. Per Board of Education policy, the recordings are the property of the district and are not routinely shared. Requests for viewing a recording must be made in writing to the Superintendent of Schools.
RANGE OF RESPONSES

1. Restorative Practices: Irondequoit High School employs restorative practices, aimed at building relationships, educating, and resolving conflict. The goal of taking a restorative approach is to educate students to reflect on their actions and impact to others. Restorative practices is not void of traditional consequences. School staff has the right to determine if traditional school consequences are appropriate to a specific situation.

2. Time Away: Brief removal from the classroom environment to reflect and to maintain the learning environment for other students.

3. Teacher Detention: Teachers may detain students before, after school, or during lunch. Students will still be able to eat lunch during a lunch detention.

4. Afternoon/lunch Detention: Detentions are held for one hour after school from 3:05pm-4:00pm. Students may also be assigned a detention during lunch periods or during assigned periods during the school day. Detention is intended to have a student assigned to a supervised area during what would otherwise be “free time.” Students are expected to be engaged in quiet study during detention and may not have access to electronic devices during this time. Students will be able to eat lunch during a lunch detention.

5. Suspension from Athletic/Extracurricular Participation: Students who do not adhere to the Co-curricular Participation Regulations established for their activity may be suspended from that activity as specified in the Regulations. A student will be given the opportunity to appear informally before the suspending authority and to present his/her side of the story as part of a general discussion of the conduct under review. In addition, students will be the right to appeal the suspension as specified in the Regulations.

6. In-School Suspension: Students assigned to the ISS room are to report to the room during the assigned periods. Students will have assistance and are expected to complete academic assignments. During any full day that a student is suspended, he/she/they may not participate in any school activities, either before, during, or after school. If a student fails to report to the ISS room or leaves the ISS room without permission, further consequences will be assigned, which may include out-of-school suspension.

7. Out-of-School Suspension: The student may not attend classes, participate in, or attend any school function, or be on any school grounds during the suspension. School grounds include all West Irondequoit Central School District properties. School work will be made available as soon as possible to provide for continuation of the student’s educational program. It is the student’s responsibility to make up missed assignments. Students found to be on campus during a suspension are subject to further consequences, including arrest for trespassing. Parents will be contacted, have the right to an informal meeting with the principal to consider reinstatement to school.

8. Principal’s Hearing: Cases of repeated, substantial disruptions may result in a Principal’s Hearing. Hearings will review the student’s infractions, academic potential program, and status, and efforts to bring about change. Parents are required to attend. Hearings will result in a clear statement of expectations if a formal Suspension Hearing is to be avoided. Other consequences may also be applied.

9. Impartial Hearing to Consider Long-Term Suspension: A formal impartial hearing (often called a Superintendent’s Hearing) is to consider a long-term suspension from school (more than 5 days). The hearing is conducted for charges categorized as insubordination, endangering the health, safety or welfare, and/or disorderly conduct in accordance with State Education Law. The student will have the right to be represented by an attorney and may question witnesses or challenge evidence. Students placed on long-term suspension will be prohibited from attendance at any school-related events and from being on school property without expressed permission.

23
CO-CURRICULAR ELIGIBILITY

Students are expected to remain in good standing behaviorally and academically to be eligible for co-curricular activities, clubs and athletics. They should read and familiarize themselves with the Co-Curricular Participation Policy, which is included in another section of this handbook beginning on page 34.

Students are expected to abide by the West Irondequoit Code of Conduct and Irondequoit High School Student Handbook. For any student who violates the Code of Conduct or Irondequoit High School behavioral expectations for which school consequences are applied, extra-curricular outcomes will follow those school consequences including any periods of suspension.

The coach/advisor and school administrators reserve the right to determine appropriate consequences on an individual basis. Coaches/Advisors also have the right to set rules, expectations, and consequences for their organization, that go beyond the co-curricular expectations.

As explained in the co-curricular expectations, any probation or suspension should be discussed with the coach/advisor and if necessary, the appropriate supervisor. A student always has the option of appealing an eligibility issue to the Athletic Director or Principal.

ALCOHOL AND OTHER DRUG INTERVENTION POLICY 2022-2023

The following expectations are in accordance with the Board of Education Policy 7320 (revised in 2020) and Regulation 73230R.

The Board of Education recognizes that the misuse of alcohol and/or other drugs is a serious problem with legal, physical, emotional, and social implications for the entire community. Therefore, the consumption, sharing and/or selling, use and/or possession of alcohol in any form and/or other drugs, including paraphernalia for the use of such drugs, is always prohibited at any school-sponsored event or on school property.

Any involvement with drugs and/or alcohol at school, at any school-related event, or on any school district property will result in an automatic out-of-school suspension. This policy also extends to off-campus situations that occur during school hours or school activities.

CLARIFICATION OF TERMS

For the purposes of this policy, the term “involvement” with alcohol in any form and/or other drugs shall include use, possession, purchase or sale of prohibited substances or paraphernalia, or being under the influence of such a substance. "Prohibited substances" refers to the use of all substances including, but not limited to, alcohol in any form and other drugs, tobacco (smoke or smokeless), electronic cigarettes, unauthorized prescription drugs*, and any substances referred to as “designer drugs.” All will be deemed violations of this policy. The administration also reserves the right to deem other offenses, terms or substances not explicitly listed here as violations of the policy.

*All prescription medication or over the counter medication must be controlled by the Nurse’s Office.

FIRST OFFENSE

Any first-time involvement with alcohol in any form and other drugs (excluding tobacco, smoke or smokeless, and electronic cigarettes) at school, on any school property, or at any School-related event will result in an automatic suspension, and the principal will request a superintendent’s hearing. Parents will be notified immediately. Suspended students will be barred from participation in co-curricular and social activities, athletics, and attendance at any school sponsored function (regardless of location) during the suspension. The counselor will initiate an intervention process as appropriate.

- Superintendent’s hearings for involvement with drugs and/or alcohol have resulted in SUSPENSION OF up to 20 WEEKS for a first offense referred to as Insubordination, Endangering the Health, Safety and Welfare, or Disorderly Conduct under State Education Law.
Under the Co-Curricular Participation Policy (see pages 34, 35), the Alcohol and Other Drug Intervention Policy extends to students always participating in co-curricular activities and at all locations.

For any student who violates the drug-alcohol policy a first time, at the discretion of the Superintendent or designee the out-of-school suspension period may be reduced in exchange for student participation in a prescribed program of support with the substance abuse prevention counselor, tutoring, and community service. This program will include drug screenings, evaluation by the substance abuse counselor, referral to drug/alcohol counseling or rehabilitation (if appropriate), and a visitation to drug court. This intervention offers the student support for academics, chemical issues, and decision-making skills, and if successfully completed, will enable the student to return to school in a reduced number of weeks. Final determination of the length of suspension will rest with the Superintendent.

SUBSEQUENT OFFENSE(S)
In the event of subsequent involvement(s) with alcohol or other drugs, the student will be suspended, and the principal will request a superintendent’s hearing. Parents will be notified immediately. Suspended students will be barred from participation in co-curricular activities, athletics, and attendance at any school-sponsored function (regardless of location) during the suspension.

- Superintendent’s hearings for involvement with drugs and/or alcohol have resulted in SUSPENSION OF up to 40 WEEKS for a subsequent offense referred to as Insubordination, Endangering the Health, Safety and Welfare, or Disorderly Conduct under State Education Law.

Depending on the circumstances, the Superintendent or designee may consider an intervention program to reduce the term of the out-of-school suspension.

Note: Any information provided by a student, parent, or staff member to Substance Use Prevention Counselor will not be used in any school disciplinary proceeding and will, in addition to any other applicable privilege, be considered confidential in accordance with law.

FIRST OFFENSE: Tobacco (smoke or smokeless) and electronic cigarettes
Any first-time involvement with tobacco (smoke or smokeless) or electronic cigarettes, on school property, or at any school related event will result in a supportive and educational alternative to suspension program.

SUBSEQUENT OFFENSE(S)
Subsequent involvement(s) with tobacco (smoke or smokeless) or electronic cigarettes will lead to more intensive supportive programs, which may include but are not limited to a program of counseling, an educational program, community service. Students may complete all or part of this program in the in-school suspension room.

SALE OR DISTRIBUTION:
Per District regulations, students found guilty of the sale or distribution of alcohol or other drugs will be suspended for up to 40 weeks without the opportunity for a reduced suspension through an intervention program.

CHEMICAL HEALTH AND WELLNESS

Irondequoit High School has teachers, school counselors, a substance abuse prevention counselor, social workers, school nurse, coaches and administrators trained to identify and work with students who are having trouble in school because of their chemical use. The goal is to reach students before they develop a serious problem.

The intervention process includes the following steps:

1. A concerned teacher, parent, friend, or peer refers a student with a possible alcohol or drug problem to the counselor, school nurse, or administrator.
2. Information is kept confidential and evaluated.
3. The information is shared with parents and the student.
4. When necessary, counselor will refer a student to the Substance Use Prevention Counselor at IHS, and/or recommend that a student go to a professional agency for evaluation.
5. A counselor will be available for support during evaluation and treatment.
6. Support groups are provided for the recovering student.

The counselor or administrator will contact parents when they perceive a problem. Parents who have concerns are urged to contact the school. Parents, school, and community working together will best serve the teenager. The Substance Use Prevention Counselor provides counseling services to IHS and Dake Jr. High.
Chemical Health and Wellness is supported through curriculum, school sponsored activities, specific workshops, and assemblies throughout the school year.

OTHER STUDENT POLICIES

CAMPUS POLICY
To improve student attendance and responsibility, students are to be in regularly scheduled classes and study halls periods 1 through 9. Students are not to leave the building or use cars during a free period or during lunch. If a student is to be legally dismissed (e.g., medical appointment), the student must sign out and follow attendance office procedures. If a student is ill, the student must report to the nurse's office for dismissal. Students must sign in and out at the attendance office (Commons Area) and at the main entrance/exit.

EARLY DISMISSALS
1. Students enrolled in the Work Study/Internship Program are issued a Work Permit card for dismissal during program times off campus. Students must continue to meet all program requirements to maintain this privilege.
2. Seniors and Juniors are dismissed after their last class of the day and are free to use school learning resources or the Campus Center (they may not loiter in the halls or in or around the school building after dismissal).

GOLD KEY AND BLUE KEY PRIVILEGES
In keeping with our mutual respect philosophy, Seniors (Gold Key) and Juniors (Blue Key) who have excellent attendance and behavior can earn privileges during the school day that recognize the responsibility they have demonstrated. Students must carry their key card and School ID with them and be prepared to display it upon request to use these privileges. Students’ status for Gold Key and Blue Key privileges will be reviewed.

Criteria: During each review, privileges may be earned or revoked based on:
1. Exemplary attendance, as defined as an attendance rate of 85% or higher
2. Successful academic achievement, as defined as passing all classes.

Privileges (Blue Key Juniors and Gold Key Seniors):
1. Released from supervised Study Hall
2. Allowed to be in Campus Center during independent work periods and lunch.
3. Students should not loiter in halls or other unsupervised areas. Students using their key in the library must sign in at their location.

Additional Privileges (Gold Key Seniors):
1. Open campus – with signed parental approval, seniors may walk off campus during their unassigned periods. Seniors must sign out when they leave and sign in when they return and can only use the front entrance.
2. Allowed to be in Common's area during independent work periods and lunch.
3. Eligibility to apply for a limited number of parking permits.

Juniors and Seniors may also be granted late-arrival and early-release privileges at the discretion of their grade-level administrator, depending on the student’s academic standing progress toward graduation and individual circumstances. Students must always carry their school ID with them, with their Blue/Gold key sticker affixed to the back, to take advantage of key privileges.

OTHER

Bicycles: The most secure place to park and lock a bicycle is at designated areas on campus and is generally under campus surveillance. The school can assume no responsibility for loss or damage to bicycles. At no time are bicycles permitted inside of the school building. You are strongly encouraged to always lock your bike to prevent theft.

Dances: Irondequoit High School supports school dances as an opportunity for students to socialize, celebrate school spirit, and to learn appropriate social interactions in a safe, supervised environment. School dances are usually sponsored by student organizations, clubs, teams, or class councils. Parents should discuss appropriate behavior, dress, and good choices with students prior to any dance. Students are encouraged to make good choices, and to become familiar with the following guidelines:
Appropriate Behavior:

- Students are expected to act in accordance with the student Code of Conduct. Inappropriate behavior may result in removal from the dance and further school consequences. Suspended students are not eligible to attend dances.
- Students are expected to dance appropriately and are subject to removal for unacceptable dancing.
- The school dress code will be enforced (see page 20).

Drugs/Alcohol:
- As with all activities, the Drug-Alcohol Intervention Policy (Pages 24/25) and the Co-Curricular Participation Policy (Pages 34/35) are in effect at all dances, including the Junior Prom and Senior Ball.
- Any student who is suspected of being under the influence or in possession of drugs and/or alcohol will be removed from the dance, and parents will be contacted immediately.
- The administrators will determine consequences in accordance with school policies.

Guests:
- Guests who do not attend IHS are permitted only at specified events, such as the Junior Prom and Senior Ball. Only one guest is permitted, per student.
- Students requesting to bring a guest who does not attend IHS (or is an IHS student of another grade level wishing to attend Prom or Ball) must complete a Guest Referral Sheet at the bookstore which is submitted it to the grade-level administrator for approval.
- Guests on suspension at their home school are not permitted to attend.
- Guests who are not in school or college must provide an employment reference.

Age requirements:
- Former IHS students who request to attend an event as a guest must request permission from their former administrator. The student’s behavioral, attendance, and academic history at IHS are among the factors that will be considered. Individuals younger than 9th grade or older than 21 are not eligible to attend high school events.
- This list is not inclusive. IHS reserves the right to deny guest approval for any reason

Late Arrivals:
- Students are expected to arrive within one hour of the start of a dance.
- Late arrivals for legitimate reasons (i.e., work, athletic event) will be honored only if students arrange for approval from their grade-level administrator prior to the dance.

Admission/Re-admission:
- Students must present an IHS ID card to be admitted. Once a student leaves the dance, they will not be re-admitted.
- No loitering on school grounds is permitted during or after the dance.

Formal Events: Where formal events (dances) are held in a facility that rents rooms for overnight stay, participants in the dance may not rent a room. Attempts to do so will lead to exclusion from the event.

Emergency Drills: Fire alarms and civil defense warnings must be observed quickly and quietly. Students who are not in class must observe the usual alarm procedures (leave the premises immediately and move to the nearest Zone and check in with an adult for attendance purposes).

Pass System: At all times other than passing time, students must have a standard teacher pass. The teacher has the right to deny use of these passes if they feel it is not appropriate for the student to leave the class at that time. Students without passes are considered to be in an unauthorized area. Activity in and around the school building should be unobtrusive and promote a climate conducive to classroom instruction.

Expectations:
1. Students should be present in assigned classes or areas during the school day. Hallways should be used only for passage to designated locations.
2. Locker stops should be made only between periods. To reduce hallway noise students should not congregate near classroom doors during the school day.
3. Students should possess a pass. These must be readily presented when requested by any staff member. Students must be in an approved location when the bell rings and not loiter in hallways.
Lockers: Lockers are the property of the school district. The privacy of each student's locker will not be violated except for valid reasons (e.g., parental access, fire, emergencies, or reasonable suspicion of prohibited articles). Students may only use one assigned hall locker and are responsible for the inside and outside appearance of the locker. Students who use their own locks to secure school lockers must report the combination or leave a duplicate key with the Main Office.

Lost and Found: The lost and found is in the Main Office. Articles left for an extended time will be discarded or donated.

Pledge of Allegiance: A student may choose, for religious reasons or matters of personal conscience, not to participate in the daily Pledge of Allegiance. Students who do not participate may stand or leave the room, but must remain silent during the pledge; however, all students are strongly urged to participate.

School Photo ID: All students must have and are required to carry the Photo ID issued by the school. The card has several functions. Students will be asked to show their ID upon entry into IHS to verify their status as a student. It is necessary to use certain parts of the library collection, to gain entry to some extracurricular activities such as dances and for purchases in the cafeteria. Failure to show the ID card upon request is a serious offense, which can result in disciplinary consequences. Students will be charged for replacement cards.

School Sponsored Activities: School rules apply at all school sponsored activities whether on or off campus. This includes dances and concerts as well as athletic events away.

Transportation to School Events: Whenever transportation is provided by the district to school events, it is expected that all students will ride to and from the event together. Under no circumstances should a student be driving to school events where school transportation is provided.

STUDENT RIGHTS

Students have constitutional rights to citizenship and a free public education, and these rights may not be abridged or obstructed except for just cause and with due process of law. First Amendment rights may only be regulated if failure to do so would create a substantial disruption of schoolwork and discipline. A student who believes his/her rights have been violated should report the violation to a counselor, administrator, teacher, or other school staff member.

Search and Seizure: School lockers are the property of the school and are loaned to students for a specific purpose and a limited time. School authorities have the right to search lockers when they have reasonable suspicion that the student is concealing something, possession of which is either dangerous or in violation of the law or school rules. Authorities also have the right to search an Individual's belongings or person when they have reasonable suspicion. Illegal items such as firearms, weapons, controlled substances, and other items, which are prohibited or can be reasonably determined to be a threat to safety or security of others may be seized by school officials. Items which disrupt or interfere with the educational process may be removed from the student's possession.

Mutual Respect: Whenever a student feels they have been treated unfairly and wish to protest this treatment, they should consider discussing the problem with a trusted adult.

Expression and Assembly: The freedom of students to assemble at a non-disruptive time in a non-disruptive manner shall be preserved. Students shall have the right to express themselves in respectful ways. The principal may regulate expression, provided there is factual basis for believing that a specific form of expression by a specific student will cause or is causing substantial disruption of school activities. Students are bound by the normal laws regulating libel and obscenity. Emblems of symbolic expression may not advocate racial or religious prejudice.

Possession and Distribution of Published Materials: Students have the right to possess published materials and to distribute them, consistent with local policies, federal/state regulations and established educational case law. Students are bound by laws regulating slander and obscenity and may not publish or distribute material that advocates racial, religious, or other prejudice. The time, place, and manner of student distribution of published materials may be regulated by the principal. The content of literature also may be regulated to the extent necessary to avoid interference with school operations and discipline. The term "publish" applies to printed materials as well all electronic media and Internet postings.
• **Distribution of materials:** In accordance with established case law, the principal may prohibit specific school or individual publications, if there is a substantial basis for believing its possession or distribution has the potential to cause (or is causing) substantial disruption of school activities.

• **Posting of materials:** Posting of literature or flyers requires the principal's prior approval. Posting or distribution of published materials should not be used in any way to malign or harass individuals or groups, or to promote views that may disrupt the educational process.

**ACADEMIC HONESTY/INTEGRITY**

Ethical Behavior, honesty and integrity are among the most important traits a person can have. Therefore, there is no tolerance for plagiarism or cheating in academics.

**Plagiarism:** A student has plagiarized when he or she takes another's ideas or writing and represents it as his or her own. It is also plagiarism when a student allows another student to use or copy their work. This may occur on such major work as term papers and bibliographies, tests, homework assignments and computer programs.

**Cheating:** This includes plagiarism but may also involve activities such as unauthorized possession of test questions or answers, possession of teacher class materials, looking at another student’s paper during a test or being in possession of a cheat sheet or altering grade records. A student whose work is taken is culpable if he or she knowingly allows this to happen.

**Testing Procedures:** In addition, there are reasonable rules regarding student conduct in a testing situation. During a quiz, test, or examination, no student may violate testing procedures by communicating in any way with another student or disrupting the conduct of the test. Divulging information about the contents of a test also violates testing procedures. Therefore, if during a testing situation whenever a teacher or staff member observes a student violating testing procedures (which include talking for any reason or passing or receiving materials), the quiz, test, or examination will immediately be confiscated. For final exams, no student may leave the examination room prior to the stated time. Violation of this or any other testing procedures or rules announced by the proctor at the start of the examination will result in the cancellation of a student’s test (grade=0).

**Consequences:** Parents will be notified whenever a student is involved in any incident involving academic integrity. Teachers will determine appropriate classroom outcomes given the type of assignment, which may include a grade or a zero, reduced credit, and/or alternative assignments.

**CO-CURRICULAR ACTIVITIES**

**STUDENT ACTIVITIES AND CLUBS**

Extracurricular activities are an important part of school life at Irondequoit High School. You are urged to become part of these activities. Meetings are announced on morning announcements during the homeroom period. Many, but not all, of the extracurricular activities available at IHS are listed here. Clubs may or may not operate each year depending on student interest and funding. If you would like to start a new club or want more information on existing clubs, bring your ideas to the principal or Mrs. Welch, the Student Activities Coordinator.

**AMNESTY INTERNATIONAL:** Goals include educating the student body and the surrounding community of the vast number of human rights abuses and issues that take place every day throughout the world. There are various groups led by students who organize the meetings and their agendas, which normally include discussions around recent world developments. There is much this group looks to accomplish, but most importantly, they want to make IHS students aware of what is going on beyond the walls of our building.

**ART CLUB:** Open to all students with a passion for art. This club meets regularly to share their work, hone their artistic skills, and create school-wide projects such as murals. The club also helps organize and participates in the Arts Festival.

**BLACK STUDENT UNION:** Students work together to educate and advocate for marginalized students of color.

**CONSTRUCTION CLUB:** Students will be working on several different wood and building trade related activities. These will include but will not be limited to; personal projects of their own, building wide projects or maintenance, long term projects which currently include constructing a boat.

**CRAFTERS WHO CARE:** This club offers students a chance to get together with others who enjoy knitting, sewing, and crocheting. Afghans and quilts are made for local hospices, shelters, and other local charities. Basics of these crafts are also taught for those with limited experience.

**DAPPER SINGERS’ SOCIETY:** An a capella vocal ensemble for men’s voices. The ensemble performs at a very high level at concerts throughout the year both on and off campus. Membership is determined by audition in the fall of each year, to be eligible to audition, members must be enrolled in a curricular choir (Chorale/Jazz Choir, Choristers/Chamber Singers).
DECA—This is a club for business students. DECA chapters attract students who are interested in preparing for entrepreneurial, marketing or management careers. Competitions exist for over 50 different marketing and management-related events at the regional, state, and national levels.

D-Fi (Drug-Free HS!): D-Fi is a student group working to increase awareness and provide education related to youth substance abuse in Irondequoit. The group will work with the larger Drug-Free Irondequoit. Together town coalition to address the goal of reducing youth substance use in Irondequoit.

Drama Club: Drama Club will focus on giving an outlet to the performing arts beyond the tidelined productions. Students will build skills in stagecraft, assist with productions, build props, and set pieces, design costumes, and have the opportunity to participate in two performances throughout the school year.

Future Educators of America (FEA): This club is open to all students who are interested in a career in teaching. Students learn about requirements for becoming a teacher, how to select a college major and other information about preparing for a career in education. The club invites guest speakers to the meetings, and students have the opportunity to observe and assist in classrooms with a mentor teacher.

Games Club: Games Club is a student-led group that meets to play strategy, roleplaying, board, and card games. Games played depend on student choice and may include Uno, Apples to Apples, Dixit, Settlers of Catan, Forbidden Island, Exploding Kittens, Chess, Checkers, and Dungeons and Dragons (D&D). Students currently have a schedule of playing D&D every other week. New members are always welcome. Attendance every week is not necessary and prior experience with games is not required.

Gay/Straight Alliance (GSA): This is a student-run club, typically in a high school or middle school, which provides a safe place for students to meet, support each other, talk about issues related to sexual orientation and gender identity and expression, and work to end homophobia and transphobia.

German Club: About once a month German club holds an event after school to celebrate and explore German culture. Events are advertised in German class but are open to any interested student.

Girl Up Club: Girl Up Club is an innovative campaign of the United Nations Foundation. It gives American girls the opportunity to become global leaders and channel their energy and compassion to raise awareness and funds for United Nations programs that help some of the world’s hardest-to-reach adolescent girls. Girl Up envisions a world where all girls, no matter where they live, could become educated, healthy, safe, counted and positioned to be the next generation of leaders.

Green Team: The goal of Green Team is to educate students and staff about the importance of recycling and increasing our sustainability. The students raise money by collecting many types of recyclable bottles within the high school. Green Team uses the money to purchase supplies and put towards an academic scholarship.

Link Crew: This is a service organization that uses mentorship to transition freshmen to high school life by offering opportunities for them to socialize and connect.

Makerspace Club: This is a place where people with shared interests, especially in computing or technology, can work together while sharing ideas, equipment, and knowledge.

MastersMINDS: This is an academic team that competes with other area high schools in a college bowl format. Playoff rounds occur in the spring.

Math League: This club participates once a month in the Monroe County Math League meets against other area schools from October through February. Students use math and problem-solving skills. Club is open to all grades 8-12.

Media/Technology Club: This club is a relaxed place to explore a wide range of interests around the topics of technology and media. Discuss and create social media, podcasts, TV, films, websites, and other forms of production or explore innovations in technology and test out new instructional tech. Our focus shifts from year to year based on the interests of the club members: you decide what we learn and do!

Model UN Club: This is an opportunity for students to role play as delegates to the United Nations and simulate UN committees. This activity is a diplomatic competition that takes place at regional conferences, organized with local high schools and colleges. Students can win awards in committee and gain valuable leadership experience within the club or as chair of regional conference committees. Some students even earn the opportunity to compete at the national and international level through Model UN.

Morning Show/Media Club: Irondequoit High School is home to the District Media Resource Center (DMRC) television studios, where students produce the morning news/announcements show broadcast each day. Students who have volunteered in the classroom and have shown interest in television broadcasting and technology may join the morning show.

NHS: NHS is the National Honor Society which consists of students who achieve outstanding accomplishments in the areas of scholarship, character, leadership, and service. Eligible students are evaluated by a faculty committee in the second semester of their junior year. To be eligible, a student must have an academic average of at least 92.0 following the first semester of junior year. The committee then considers the quality of the student's work, work in the three other categories, criteria, utilizing staff feedback and the student's activity sheet. Once inducted, NHS members are expected to engage in club meetings and activities and to perform a minimum number of service hours each semester to maintain their membership. Please refer to the NHS brochure (available in the Counseling Center) for more detailed information.

Link Crew: This club is for students with similar interests in business and marketing. DECA chapters attract students who are interested in preparing for entrepreneurial, marketing or management careers. Competitions exist for over 50 different marketing and management-related events at the regional, state, and national levels.

Mosaics Club: Mosaic Club emphasizes building empathy, resiliency, and community. We celebrate diversity and work to educate against stereotyping, prejudice, and discrimination. Annual events include attending conferences such as ROCC2Change and teaching a lesson on inclusivity to middle school students.

National Honor Society: The NHS chapter of the National Honor Society promotes the recognition of students who achieve outstanding accomplishments in the areas of scholarship, character, leadership, and service. Eligible students are evaluated by a faculty committee in the second semester of their junior year. To be eligible, a student must have an academic average of at least 92.0 following the first semester of junior year. The committee then considers the quality of the student's work, work in the three other categories, utilizing staff feedback and the student's activity sheet. Once inducted, NHS members are expected to engage in club meetings and activities and to perform a minimum number of service hours each semester to maintain their membership. Please refer to the NHS brochure (available in the Counseling Center) for more detailed information.

Mokaondagogat: The school yearbook provides students with many opportunities to work on photography, editing, layout, sales, publicity, finance, and other activities.
ODYSSEY OF THE MIND: The Odyssey of the Mind teaches students to learn creative problem-solving methods while having fun in the process. By tapping into creativity, and through encouraging imaginative paths to problem-solving, students learn skills that will provide them with the ability to solve problems. The Odyssey of the Mind teaches students how to think divergently by providing open-ended problems that appeal to a wide range of interests. Students learn how to identify challenges and to think creatively to solve those problems. They are free to express their ideas and suggestions without fear of criticism. The creative problem-solving process rewards thinking "outside of the box." While conventional thinking has an important place in a well-rounded education, students need to learn how to think creatively and productively.

RODEQUOIT: The school newspaper is published quarterly. It contains articles, editorials, surveys, pictures and other journalistic material of interest to students.

SCIENCE CLUB: Science Club is a group of 1st year and 2nd year Physics students that meet with the goal of preparing for the American Association of Physics Teachers Physics Bowl Exam.

SERVICE/INTERACT CLUB: Service club is an organization that is designed to help students find and participate in service opportunities at the school and in the community. Service activities can range from notes of kindness, organizing a food drive for the Irodequoit Community Cupboard to volunteering at Foodlink. There is no minimum number of activities required and students are invited to join at any point in time - everyone can help make a difference.

Ski and Snowboard Club: Bristol Students travel to Bristol Mountain Friday afternoons to ski and snowboard on the 30+ trails that Bristol has to offer. Students are then transported home as the mountain closes for the evening and arrive back at the high school at approximately 11 p.m. To participate students must purchase passes through Bristol and register for bus transportation. Seats are limited to the first 50 paid registrants.

STEP CLUB: Step Club is a club that will allow students to express themselves by using their hands and feet as a way of dancing. This club gives students a way to experience a new culture and allow them to step out of their comfort zones. Step club will mostly consist of learning new routines and coming together as one and potentially performing during the talent show or even in front of the school. Even though this club is structured as a "team," there will be many opportunities for everyone to participate. Step club is not only about learning new cultures and making routines, it is also about building special bonds amongst each other.

STUDENT COUNCIL: This group consists of students in grades 9-12. They organize many school and community events, such as Homecoming, Children's Holiday Party, Talent Show, and Senior Citizens Fun Night.

SWEET SIXTEEN: These are acapella vocal ensembles for women and men, respectively. The ensembles perform at a very high level at concerts throughout the year both on and off campus. Membership is determined by audition in the fall of each year; to be eligible to audition, members must be enrolled in a curricular choir (Chorale, Jazz Choir, Chamber Singers).

TECH CLUB: Extending the work of our award-winning Solar Car project, this group provides students the opportunity to learn how to solve problems using alternative energy and to build skills in project management, communication, and problem-solving. Students share what they have learned to other students in West Irondequoit. The members design and build authentic working models using alternative energy. The "Travel Team" visits other schools to educate kids of all ages using club created lesson plans and activities designed for each grade level.

TORQUE CLUB: This organization is designed for students interested in automobiles. Club members learn about and work on all types of engines. Activities include field trips and guest speakers.

TRI-M MUSIC HONORS SOCIETY: This is an internationally recognized honor society for students involved in the music program at IHS. Students are nominated by music faculty and accepted through an application process. Tri-M members are involved in many charity projects throughout the year.

WIRQ RADIO: The nation's oldest high school radio station, WIRQ offers students the chance to learn on-air and production skills. Club members not only produce their own shows, participate in fund-raisers, and sponsor events such as Battle of the Bands and Art Festival. More information about these clubs may be obtained from Mrs. Welch or by visiting the IHS webpage.

WORLD LANGUAGE CLUBS: Some years French, Spanish, German, Latin, and Italian students have separate activities specific to each language. Other years students choose to all get together as an "International Club." There is a holiday party with foreign Christmas cards, trips to see foreign films, and many food activities. Latin students also prepare for regional academic contests.

YOUTH ACTIVATION COMMITTEE (YAC): Made up of young people representing the high school that work together to participate in Special Olympics global events promoting Special Olympics activities such as Unified Basketball.
STUDENT LEADERSHIP ACTIVITIES

Students at Irondequoit High School are encouraged to participate in solving problems and to assist in making decisions about school life and program. Students seeking a leadership position must meet the criteria for eligibility and follow procedures outlined in the election process. Candidates for Student Council positions must meet all standards of the Co-Curricular Policy. The opportunity for probation is not available. Candidates must also be passing all courses in the quarter prior to the election with an overall average of no less than 70%.

STUDENT COUNCIL: The IHS Student Council represents the entire student body of Irondequoit High School. Annual activities include Homecoming Week, Children's Holiday Party, Winter Dance, Talent Show, and the Senior Citizen's Fun Night. Officers will be selected before the end of May each year. Student Council has an office on the first floor by the library.

President……………………………………………….Grace Richardson
Vice President………………………………………….Lauren Lamberson
Treasurer…………………………………………………Zach Boice
Secretary…………………………………………………Lily Solomou
Media Manager…………………………………………Nicole Lamberson
Community Events Coordinator…………………………Emma Latshaw
Faculty Advisor…………………………………………Mrs. Donna Bell

STUDENT REPRESENTATIVES: Selected in the Spring from the student body, students attend meetings of the organizations and serve as direct channels of communication between the organization and IHS student body.

SCHOOL BOARD:
Lucie Graziano
Nicholas Onorato
Ava Palo

PARENT TEACHER/STUDENT ASSOCIATION:
Emma Latshaw
Lily Solomou

HIGH SCHOOL PLANNING TEAM:
Evelyn Dean
Joy Elder
CLASS OFFICERS AND COMMITTEE CHAIRPERSON: Each class elects class officers and committee chairpersons by the end of May. To become involved in class events, contact your appropriate representatives or faculty advisors. In addition to social events, each class is encouraged to develop and participate in at least one community service activity.

Class of 2026 - Freshmen
President.................................Sebastian Reidmiller
Vice President............................Olivia Croll
Secretary....................................Olivia Rahn
Treasurer.....................................Michael Penner
Faculty Advisor..........................Tammy Jaynes
CO-CURRICULAR PARTICIPATION

This policy applies to student eligibility for all co-curricular activities. The policy is monitored by individual advisors and coaches and, as described below under “Special Notes,” enforcement is supervised by the appropriate supervisor:

**Athletics:** Director of Health, Physical Education and Athletics
**Clubs, Activities, Student Leadership:** Student Activities Coordinator
**Drama/Theater:** Performing Arts Coordinator

Any questions or concerns should be directed first to the coach or advisor, then to the appropriate supervisor. In the event of an appeal, the high school principal has final authority over all eligibility issues.

A. **PHILOSOPHY:** The ultimate purpose of education in West Irondequoit is to provide for the full implementation of the Plan for Peak Performance. Within that context, each student becomes responsible for his/her academic performance and social behavior, including a chemical-free lifestyle. In partnership, school and parents will monitor each student’s progress and work together when commendations, adjustments, and/or discipline are needed. Co-curricular involvement is an integral part of the total educational program because it forms a connection between the student and the school community and nurtures each student’s special interests and abilities. Co-curricular participation is not a right; it is an honor and a privilege. Note that although these co-curricular rules are in effect during the time or season of student co-curricular participation unless otherwise noted, it is expected that each student will make a commitment to lifelong learning, good citizenship, and a chemically healthy lifestyle always.

B. **STANDARDS:** To be eligible for co-curricular participation, a student must:

1. Be enrolled in 5 academic classes plus physical education. Any exception must be approved by the principal.
2. Have not failed more than 2 courses the quarter prior to current involvement. (See note below on major one-time activities such as the Junior Prom, the Senior Ball, the Senior Banquet, and Graduation.)
3. Remain free of involvement with drugs or alcohol.
4. Not participate in any type of hazing or harassment activities as defined in the Behavior section of this student handbook.
5. Meet all attendance requirements as stated in the student handbook.
6. Exhibit acceptable social behaviors and citizenship.
7. Not engage in any illegal or criminal activity. Any involvement with law enforcement may result in ineligibility from co-curricular activities.

Co-Curricular Policy remain intact, and those decisions are made in the best interests of each individual student. Students are cautioned to ensure that both they and their guests are eligible to attend events prior to making arrangements or expensive investments in such events. Some practices include:
SPECIAL NOTES

If a co-curricular participant becomes involved in criminal behavior and/or law enforcement action, the administration reserves the right to impose automatic disciplinary consequences.

1. A team, club or organization may adopt more stringent expectations, with approval of the coordinator or director.
2. Active enforcement of rules by parents, all school personnel, friends, and peers are encouraged.
3. Parents are encouraged to support the no-use code and to sponsor chemical free-functions for their children (i.e., video parties, cast parties, end-of-season celebrations). Parents also are invited to participate in the “Parents Who Care” directory and to attend informational events sponsored by the “Parents Who Host Lose the Most” group.
4. Organization advisors/coaches will monitor their students’ progress throughout the season. All probation or suspension penalties will be determined and enforced in consultation between the advisor/coach and the appropriate supervisor (Director of Athletics, Coordinator of Performing Arts, or Coordinator of Student Activities), subject to the approval of the principal. If, in the judgment of the principal, exceptions to the policy are in the best interest of the student and the educational priorities of the school, the principal may make such exceptions.
5. Appeals Procedure: Any student wishing to appeal a disciplinary action must, within two days of the action, submit in writing to the principal the reason(s) why the penalty should not be enforced in this case. The principal will then meet with the student to consider his/her appeal. If the principal feels it is warranted, exceptions may be made.

All decisions will be made on an individual basis. Any situation that involves apparent manipulation of any policies or practices to gain the privilege of attendance at a grade-level event (especially outside of one’s cohort) will be subject to review by the administration.
ATHLETICS

IHS has a large and varied sports program on both the interscholastic and intramural levels. While an interscholastic sport may be added, the list normally remains the same from year to year. However, the intramural program may change markedly from year to year, subject to availability of facilities and supervision. Students should consult the daily bulletin or the Physical Education Office for more information.

INTERSchOLASTIC SPORTS

Varsity and Junior Varsity

Irondequoit High School offers interscholastic competition in the following sports:

<table>

OH, IHS

Oh IHS we sing to you,
When we’re both far and near
The Blue and Gold in us renew
A vision bright and clear.

Within your walls we work and play
And friendships grow each day.
Our pride and joy are what we share
You give us courage to dare.

Within our hearts we’ll hold you dear
And in our minds stay near,
In years to come when time’s gone by
Our love for you will never die!

Martin Yaravitz  ’97
